2007 Central Penn River Rats Player Costs

A non-refundable \$25.00 tryout fee will be paid by each player who tries out for the Central Penn River Rats teams. Costs will be determined at a later time for those players that make the teams. Costs are determined by the number of players fielded on each team and the number of tournaments each team participates in. Most tournaments cost between \$500.00 and \$1000.00 for a team, and we estimate an average roster size of 20 players. Based on these estimates, we expect the cost per player for the tournament season to be around \$200.00. This amount does not take into account additional costs such as uniforms, transportation and lodging.
